

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

SUBJECT INDEX

- Algae, rules of Construction Division, U. S. A., for suppressing, 172
- Alleys as locations for water mains 141
- Alum, made at Trenton filtration plant, 150
- American Water Works Association, growth of, 615
- policies (presidential address), 581
- Annual convention, Buffalo, 604
- Antwerp water works during the war period, 486
- Aqueducts, Catskill, models of structures, 9
- serviceable life, 102
- Shandaken tunnel, 649
- Army water supply, American Expeditionary Forces; field methods for chlorination of small amounts of water, 654
- keeping the First Army supplied with water, 623
- motor-truck-mounted water purification units, 562
- water supply service in the Army of Occupation in Germany, 422
- Army water supply, cantonments, see Cantonment water supply
- Aviation fields and depots, water supply, 664
- Backwater, Gunpowder River, Baltimore water supply, 297
- Bacterial tests, differentia of *B. coli*, 243
- further studies on gentian violet as a means of eliminating spurious presumptive tests for *B. coli* in water, 67
- index numbers and scoring of water supplies, 445
- railroad coach supplies, 490
- Baltimore, Md., experience with coagulating basins, 160
- tilting dam, 297
- Baton Rouge, unusual ground water supply conditions, 271
- Bibliography of fire protection, 765
- Boilers, improving efficiency at Dayton, 187
- serviceable life, 104
- Book notes, 333
- Brooklyn, N. Y., capacity of system, 61
- Budgets, study of water supply for budget purposes, 60
- Buffalo, N. Y., public works department, 350
- reduction of water consumption by means of pitometer survey and constant inspection, 355
- water supply and filtration problem, 524
- water waste survey, 54
- Buildings, serviceable life, 105
- Business careers for engineers, 346
- Cantonment sanitation, 285
- Cantonment water works, aviation fields, etc., 664
- quality of supplies, 532
- rules for operation, 169
- Catskill system for New York City, available supply, 60
- chlorination of Esopus water, 804
- models of structures, 9
- repairs to risers in the shafts of the New York City tunnel, 46
- Schoharie development, 639
- Chimneys, serviceable life, 105
- Chloramine, effect on crenothrix, 196
- results with Catskill (Esopus) water, 804
- Chlorination of water, aviation fields, 669
- bad tastes at Milwaukee from chlorination of water containing coal tar derivatives, 515
- Buffalo, 529
- Catskill (Esopus) water, 804
- crenothrix removed, 194
- effect on fish, 804, 809
- Elmira, 416
- experience at camps and cantonments, 546
- field methods for small quantities of water, 654
- France, 517, 634
- motor-truck-mounted units, A. E. F., 562, 635
- practice in Army of Occupation, 426

- Chlorination of water—*continued*
 present status and results in United States, 507
 rules of Construction Division, U. S. A., 173
 Trenton, N. J., 148, 151
 weak hypochlorite caused typhoid epidemic at Xenia, 168
- Chlorine, electrolytic production, 151, 502
- Circleville, Ohio, typhoid caused by dual water supply, 750
- Cleveland, Ohio, water softening, 204, 211
- Coagulating basins, observations and experiences in operation, Baltimore, 160
- Coagulation, Trenton, 150
- Collection of bills, Dayton, 339
 Philadelphia, 139
- Comments, auto truck peril for the post hydrant, 140
 bit of water works history, 343
 construction work and unemployment, 3
 cost accounting, 345
 Dayton's experience in making collections, 339
 engineers in business, 347
 experiences in collecting bills, 139
 growth of the Association, 615
 laying water mains in alleys, 141
 mechanical engineering skill needed by the water works fraternity, 618
 operation of small water purification plants, 617
 publicity in water waste prevention work, 5
 responsibility for damages caused by mains broken by increased pressures, 337
 roll of honor, 1
 standard form of construction contract, 620
 standardizing undersize fire couplings, 619
 tendency to want something new, 1
 water supply business, 144
- Committee reports, American committee on electrolysis, 585
 depreciation, 85
 executive committee, 606
 finance committee, 590
 membership committee, 597
 private fire protection services, 679
 publication committee, 594
 standard form of contract, 583
 comments on, 620
- Consumption of water, see Water consumption
- Contract, report of committee on standard form, 583
 discussion, 620
- Convention at Buffalo, annual, 604
- Cost accounting, 345
- Crenothrix, removal by chloramine, 193
 by chlorination, 194
- Croton supply for New York, 61
- Damages, caused by mains broken by increased pressures, 337
 hydrants broken by trucks, 140
- Dams, Gilboa, 648
 serviceable life of, 102
 tilting, 297
- Dayton, Ohio, experience in collecting water bills, 339
 improvement in boiler efficiency, 187
- Deaths of members, 137, 613
- Departments of Illinois State executive branch, 276
- Depreciation, final report of committee on, 85
 practical checks upon water works depreciation estimates, 371
 relation of depreciation to investment, 305
- Des Moines, Iowa, gallery collecting system, 475
- Distribution system in cantonments, 177
- Dysentery caused by dual water supplies, 752, 753
- East Bay Water Company, new meter rates, 37
- Electrolysis, production of chlorine by, 151, 502
 report of Association's representatives on American committee on, 585
- Elgin, Ill., typhoid caused by dual water supplies, 750
- Elmira, N. Y., results of twenty years operation of mechanical filters, 409
- Engineers in business, 346
- Esopus (Catskill) supply for New York, 64
 chlorination, 804
- Executive committee report, 606
- Expenses of water works during war period, 793

- Filters, crenothrix troubles, 194
 - effect of sedimentation on, Philadelphia, 157
 - incrustation of sand by softened water, 218
 - Moline, Ill., 238
 - Old Hickory powder works system, 433
 - operation of small plants, 617
 - results of twenty years operation of mechanical, Elmira, 409
 - serviceable life, 105
 - Trenton, N. J., 147
- Finance committee report, 590
- Fire couplings, standardization, 619
- Fire insurance rates and water works improvements, 839
- Fire protection service, charges established by public service commissions, 320
 - liability of a water utility for fire losses occasioned by failure of the water supply, 745
 - report of committee on private fire protection service, 679
- Fish, killed by chlorination, 804, 819
- Flanges for light cast iron pipe, 457
- Flow of water in pipes, proposed committee to investigate, 342.
- Force mains, cost of pumping through, 258
- Gallery collecting system, Des Moines, 475
- Gentian violet as a means of eliminating spurious presumptive tests for B. coli in water, 67
- Germany, water supply service in the Army of Occupation in, 422
- Grand Rapids, Mich., water softening, 216
- Grinnell, Iowa, Cost of emergency pumping, 834
- Hackensack Water Co., meter practices, 31
- Hardness in water, 202
- Hydrants, cantonment regulations, 176
 - damaged by auto trucks, 140
 - serviceable life, 104
 - thawing frozen, 21
- Hypochlorite of calcium, manufacture, 501
- Illinois Section, 331
- Inspection methods to detect waste, Buffalo, 359
- Institutional water works, Illinois, 276
- Iowa, future public water supplies, 844
 - Section, 611
- Jerusalem, water supply, 443
- Labor, war time wages, 795
- Lyster bag, 627, 659
- Mains, see Water mains
- Mannington, W. Va., typhoid caused by dual water supplies, 752
- Maps, battle map of the First Army Water Supply Service, 636
- Catskill water supply system, 643
 - rules of Construction Division, U. S. A., 176, 178, 181
- Mechanical engineering in water supply activities, 818
- Membership committee report, 597
- Meters, incrustation by softened water, 218
 - ownership and maintenance, 755
 - practices of Hackensack Water Co., 31
 - private fire protection services, 683, 771
 - serviceable life, 104
 - tendency to use oversize, 26
 - tests required by N. J. Public Utility Com., 28, 34
 - use reduces consumption in San Francisco, 39
 - utility and performance of compound, 190
- Midland, Mich., water testing station, 252
- Milwaukee, Wis., bad taste of water, 515
 - cross-connections between city and private supplies, 749
- Minnesota Section, 610
- Models of structures in the Catskill aqueduct system, 9
- Moline, Ill., typhoid fever, 230
 - filters, 238
- Motor trucks, A. E. F. use in hauling water, 633
 - damage fire hydrants, 140
 - equipped with water purification outfits, 562, 635.
- Newark, Ohio, history of municipal works, 343
 - theft of water, 145
- New Bedford, Mass., leakage between dual systems of mains, 750

- New York City, Brooklyn system, 61
 Catskill system, available supply, 60
 chlorination of Esopus water, 804
 models, 9
 repairs in city tunnel shafts, 46
 Schoharie development, 639
 Croton supply, 61
 meter practice, 35
 Queens borough, creek crossing, 58
 thawing frozen services, 22
 Richmond system, 61
 waste prevention, 5, 56
 New York Section, 136, 331
 Niagara Falls, relation of its chemical industry to the water works, 496
 Nitro, W. Va., dysentery caused by dual water supply, 752
- Oakland, Cal., new meter rates, 37
 Officers, election, 604
- Palestine, water supply problems in, 439
 Passaic Water Company, meter practices, 26
 thawing water services, 15
 Paterson, N. J., size of meters, 28
 thawing frozen services, 15
 Patrolling water sheds, rules of Construction Division, U. S. A., 172
 Philadelphia, Pa., settling basin efficiency, 157
 typhoid fever from dual water supplies, 750
 Piedmont, W. Va., typhoid caused by dual water supplies, 753
 Pipe flow formulas, proposed committee on, 342
 Pipe, cast iron, serviceable life, 103
 flanges for light, 457
 steel, serviceable life, 103
 wood, serviceable life, 103
 Old Hickory Powder Mills, 431
 Pitometer surveys, Buffalo, 54, 357
 Newark, O., 145
 Pollution of water, rivers, 290, 823
 through cross-connection to mill supplies, 707, 749
 Powder mills, water supply of Old Hickory, 427
 Prices, trend of, 394, 398, 403
 war period, 796
 will high prices continue, 323
 Public Health during the war, problems of the Illinois Department of, 285
 Public Works Department, Buffalo, 350
 Illinois, 276
- Publication committee report, 594
 Publicity in aid of water waste prevention, 5
 Public ownership of utilities, 785
 Public service commissions, fire protection rate determinations, 320, 757
 increasing jurisdiction, 786
 service pipe and meter rulings, 753
 Pumps, cost of emergency operation, Grinnell, 834
 operating rules, Construction Division, U. S. A., 174
 serviceable life, 104
 tests of electrically operated deep-well, 78
 unaf flow pumping engine, 518
- Railroad coaches, standards of purity of water for, 490
 Rainfall, Iowa, 849
 Rates, see Water rates
 Reports of committees, see Committees
- Reservoirs, Ashokan, Schoharie and Kensico, 640
 serviceable life, 102, 103
 Revenues of water works during war period, 792
 Rivers, pollution, 823
 quality of water in Illinois streams, 290
 self-purification, 295
 Roll of Honor, 1, 137
 Rondout watershed, Catskill Mts., N. Y., 642
 Run-off, Catskill watersheds, 644
 Iowa, 849
- San Francisco, Cal., new meter rates, 37
 sizes of meters used, 29
 Schoharie development, Catskill water system for New York, 639
 Screen scales, standard, proposed by Bureau of Standards, 572
 Secretary's office removed to New York, 614
 annual report, 600
 Sections, Illinois, 321
 Iowa, 611
 Minnesota, 610
 New York, 136, 331
 Sedimentation, experiences at Baltimore, 160.
 settling basin efficiency at Philadelphia, 157
 Trenton basins, 148

- Service pipes, payment for installation and repair, 753
 - private fire protection, 679
 - thawing frozen, 15, 20, 23, 24, 181
- Society affairs, 136, 331, 604
- Springfield, Ohio, typhoid caused by dual water supplies, 750
- Spring Valley Water Co., new meter rates, 37
 - size of meters, 29
- Sprinklers, automatic, discharge of, 699
 - usefulness in checking fires, 693
- St. Paul, Minn., dysentery caused by dual water supplies, 752
- Standard form of construction contract, 620
- Standardizing undersize fire couplings, 619
- Standards of purity for water used in railroad coaches, 490
- Standpipes, enclosed, Buffalo, 528
 - serviceable life, 103
- Statistics, use of, 341
- Subaqueous mains, Borough of Queens, 58
- Syracuse, N. Y., thawing frozen services and hydrants, 20
- Tanks, private fire protection service, 704
 - rules of Construction Division, U. S. A., 177
- Temperature of Baton Rouge ground water, high, 272, 275

- Water softening, municipal plants, 202
 - use of sludges in softening, 215
- Water standards for railroad coach supplies, 490
- Water supplies, index numbers and scoring of, 444

- Water supply service, A. E. F., 623
Water testing stations, 248
Water, thefts of, 145, 737
Water waste prevention cantonments, 179
 New York, 56
 Pontiac State Reformatory, 279
private fire protection services, 682, 737
 publicity in water waste prevention work, 5
 thefts of water, 144, 737
 waste water surveys, Buffalo, 54, 35
Water works, cantonment, *see* Cantonment water supplies,
 effect of war period, 785
 industrial, cross-connections with public works, 749
 Old Hickory powder Mills, 427
 military, aviation camps, 644
 keeping the First Army supplied with water, 623
 operation of cantonment works, 169
Water works, military—*continued*
 Palestine operations, 439
 quality of camp and cantonment supplies, 532
 water supply service in the Army of Occupation, A. E. F., 422
 state control of design of small, 832
Wells, Baton Rouge, La., 271
 determining water level in, 369
 dynamiting, 281
 Iowa, 845
 new well of large capacity of University of Illinois, 263
 rules for operation of cantonment wells, 170
 some tests of electrically operated deep well pumps, 78
 specific capacity, 268
 water expectancy in deep wells in homogeneous rocks, 183
Whiting, Ind., water testing station, 249
Xenia, Ohio, typhoid fever epidemic, 167

AUTHOR INDEX

- ACKERMAN, J. WALTER, fish killed by overdose of chlorine, 819
- ALVORD, JOHN W., report of committee on depreciation, 73.
- AMSBARY, F. C., treatment of water to prevent crenothrix, 194
- ANDERSON, A. E., operation of the Moline filter plant, 238
typhoid fever at Moline, 236
- ANDREWS, GEORGE C., reduction of water consumption by means of pitometer survey and constant inspection, 355
- ARMSTRONG, JAMES W., some observations and experiences in the operation of coagulating basins, 160
- BAKER, M. N., results of chlorination, 515
- BARBOUR, FRANK A., report of finance committee, 590
- BARNES, O. A., (with W. F. Monfort) chloramine and crenothrix, 196
- BASS, FREDERIC, suggestion in regard to state control in the design of small water works, 832
- BECK, F. E., metering private fire services, 773
- BIEGLER, P. S. (with I. W. Fisk), some tests of electrically operated deep well pumps, 78
- BIRDSALL, LEWIS I., report of membership committee, 597
- BOHMANN, HENRY P., tastes caused by chlorination of water containing coal tar derivatives, 515
- BOWLES, J. T. B., fish killed by chlorination, 820
- BRUSH, W. W., auto truck peril for the post hydrant, 140
damages caused by mains broken by increased pressures, responsibility for, 337
is more mechanical engineering skill needed by the water works fraternity, 618
meter practice in new work, 35
publicity in water waste prevention, 5
- BRUSH, W. W., repairs to risers in tunnel shafts of the Catskill system in New York, 51
report of publication committee, 594
study of water supply for budget purposes, 60
water waste inspection in New York, 56
